

## Geelong Art Society:

### Term 2 Classes with Jill Shalless

Jill Shalless has been painting professionally for over 40 years. Students attending her class will work independently of one another & are encouraged to source their own ideas. Individual attention is given to each student & the class atmosphere is very supportive, making time for sharing students highlights.

One set task/challenge is set per term commencing with a demonstration to introduce the concept.

#### Pastel – 26 April to 21 June

Students will get to understand the versatility and joy of using pastels. Learning about application and blending of the medium, paper choices and preparing surfaces.

#### Oil Class – 27 April to 22 June

Students learn about draftsmanship, colour mixing, light and shade, (tone) and composition. The aim to produce paintings which resonate with the student, their interests, and passions.

**Classes are conducted in our purpose-built Studio at the rear of the property.**
